Product Specification Sheet

Targus Laptop ChillHub™

Part #: AWE01US

Product Description:

As seen in PARADE magazine on December 5th, 2004

The Targus Notebook Cooling ChillHub™ is designed to help maximize notebook performance by keeping the notebook cool during use. Two fans pass cool air over the notebook to help prevent overheating. An integrated 4-port USB 2.0 hub provides added connectivity for peripherals such as mice, memory drives, keyboards, cameras, printers and other USB powered devices. Perfect for use in the office or on the road.

Product Features and Specifications:

- **Prevent overheating:** Two-fan cooling system pulls heat away from the notebook and prevents the CPU from overheating during use
- **Protect your workspace:** High-heat generating notebooks can damage furniture surfaces; the ChillHub protects furniture from heat damage
- **Expand your capabilities:** True plug and play for up to 4 USB 2.0 devices like mice, keyboard, memory drives, lights, PDAs, etc.
